

Use Case 1 Accessing the system

The system is accessed through the internet from its initial URL. It loads:

- ★ Header
- ★ Navigation bar
- ★ Home page

1. Зарежда ли се сайта
2. Има ли Header
3. Има ли Navigation bar
4. Има ли Home page

Use Case 2 Navigation bar

The navigation bar has navigational hyperlinks to:

- ★ Home
- ★ Product category
- ★ Store finder
- ★ Login and
- ★ Registration option
- ★ All Products
- ★ Checkout
- ★ Search

1. Is there element with navigational hyperlink to the home page?
2. Are there navigational hyperlinks to Product Categories?
3. Is there a 'Store Finder' element?
4. Does the 'Store Finder' element has working hyperlink on click?
5. Is there a 'Login' element?
6. Does the 'Login' element open hyperlink on click?
7. Is there a 'Registration' option?
8. Does the 'Registration' element open hyperlink on click?
9. Is there a 'All Products' element?
10. Does the 'All Products' element open hyperlink on click?
11. Is there a 'Checkout' option?
12. Does the 'Checkout' element open hyperlink on click?
13. Is there a 'Search' option?
14. Does the 'Search' element trigger hyperlink on writing word?

Use Case 3 Home page

The home page shows:

- ★ The Product blocks in random order in a slider section.
- ★ Clicking on the banners leads to the relevant category with products.
- ★ Latest products section should be available at the bottom.

1. Does the home page show product blocks?
2. Are the product blocks in a slider section?
3. Are the product blocks random?
 - First refresh attempt
 - Second refresh attempt
 - Third refresh attempt
4. Do you open relevant category by clicking on banners?
 - Click on men
 - Click on women
 - Click on boys
 - Click on girls
5. Is there 'Latest products' section?

Use Case 4 Products Category Page

- ★ Information regarding the sub-categories is shown as links (e.g. Jeans, T-Shirts) in the navigation pane, where user can choose where to go next.

Display functionality offers the possibility to show how products are shown, based on the following views:

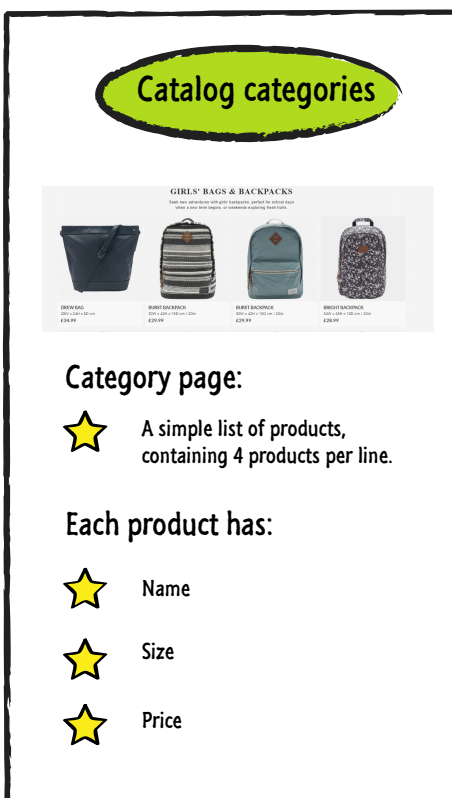

- ★ Size
- ★ Color
- ★ Price

The respective information regarding the products is shown on the page in a form of random results.

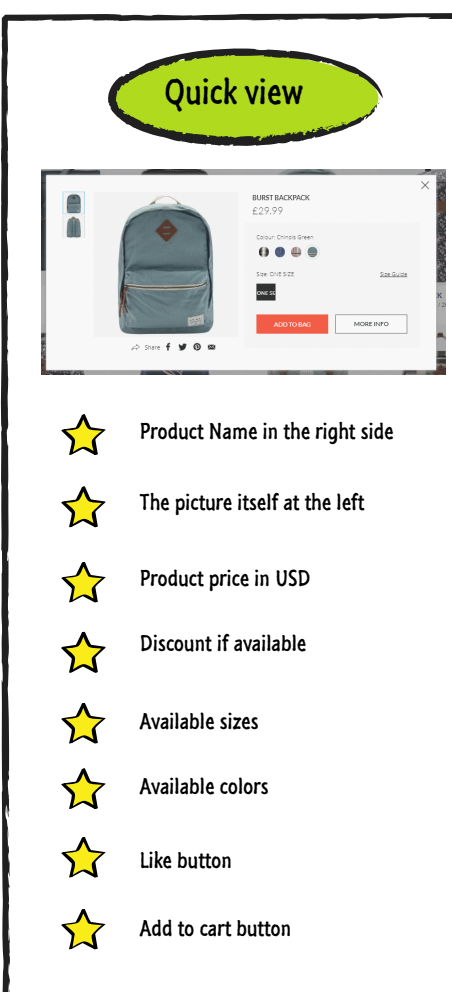

- ★ Simple view should display the products.

When the filter is applied (sub-category) the page should display the respective products found. If the input data is invalid, a respective error box is shown, indicating that products are “Not Found” and “Apologies, but the page you requested could not be found. Perhaps searching will help.” tip.

1. Testing the navigation hyperlinks to sub categories:
 - 1.1. Is there any information about sub categories in the main navigation?
 - 1.2. Can you go to sub categories from the main navigation?

2. Sub category page Tests:
 - 2.1. Are there 4 products form the category in a row?
 - 2.2. Is there any 'Select by size' option?
 - 2.3. Is there any 'Select by color' option?
 - 2.4. Is there any 'Select by price' option?
 - 2.5. Do the two select options work together - size / color?
 - 2.6. Do the two select options work together - size / price?
 - 2.7. Do the two select options work together - color / price?
 - 2.8. Do the three select options work together - size / color/price?
 - 2.9. Unreal price check (Expected result: “Not Found” and “Apologies, but the page you requested could not be found. Perhaps searching will help.” tip.)

3. Simple View Tests:
 - 3.1. Is there 'Simple view' on a 100% browser screen?
 - 3.2. Is there 'Simple view' on a 90% browser screen?
 - 3.3. Is there product name in the right side?
 - 3.4. Is there product picture at the left?
 - 3.5. Is there product price in USD?
 - 3.6. Is there discount (if available)
 - 3.7. Is there discount (if not available)
 - 3.8. Are there available sizes
 - 3.9. Are there available colors
 - 3.10. Is there Like button?
 - 3.11. Is there 'Add to cart' button?

4. Product Page Tests:
 - 4.1. Is there Product Name in the middle?
 - 4.2. Is there Like button?
 - 4.3. Is there Add to cart button ?
 - 4.4. Is there Product price in GBP?
 - 4.5. Is there Product Name in the middle?
 - 4.6. Is there Discount if available?
 - 4.7. Is there Discount if not available?
 - 4.8. Is there Cover image/s on the very right side?
 - 4.9. Are there Size options?
 - 4.10. Are there Available colors?
 - 4.11. Is there „People who bought this item also bought“ Section with quick image links to other products?
 - 4.12. Is there any additional information about the product on the right?

Use Case 5 My account
